STONELEAF

SPECIALISTS IN NATURAL ROOFING SLATE AND CLAY TILES

The Stoneleaf Duero, sourced from La Baña, the most prestigious area in Spain for natural slate, is an excellent choice as a roof covering.

The Duero is a natural roof slate which is slightly textured and gives a traditional look to the roof due to its heavier thickness. It appeals to roofers as well as specifiers and developers.

Guarantee: 100 year site specific guarantee available upon request.
